

## Terms and Conditions

- We use Snazaroo, and Paradise products, but as with all face painting products, we cannot guarantee a skin reaction will not occur. If you or a child has sensitive skin or is prone to allergies please let us know. If you are unsure if you or your child has sensitive skin, you can request a skin test which can be done on a small patch of skin on the back of the ear and left for approx 40 mins. If no reactions occurs we will be happy to paint. If any irritation or reaction occurs then we will not paint.
- All paints are all water based and should wash off easily with water and a cloth.
- We will not paint anyone who appears to be ill or who has chicken pox, measles, mumps, conjunctivitis, any infectious skin condition or eczema or who has a runny nose.
- It may sometimes be necessary to clean a child's face with wipes before painting, as crumbs do not look pretty or hygienic.
- We are not liable for any allergic reactions to the face paints. All products used by us comply with EU and US standards for cosmetics. All are either FDA compliant or are approved by the FDA.
- Whilst every care is taken when painting, clothing such as collars and sleeves can sometimes rub against faces which have been painted, causing a transfer of the paint. Our water based paints are easily removed from clothes using cold water and soap.
- we only paint children who wish to be painted. If a child changes their mind or wishes for us to stop we will cease immediately

Our facepainters have public liability insurance cover which covers up to 5 million..?? and are there to make your party/event a success
